Brief Summary of Selected Substantive Portions of this Response

[0001]   In a telephone discussion (May 21, 2008), the Examiner and the undersigned discussed about the instant invention in a high-level. In particular, the term "generic class" was clarified in view of general class definition in accordance with ordinary object-oriented programming language specifications. The undersigned also elaborated the syntax of the generic class that is missing in either of the cited references. The Examiner was responsive

and requested the formal response be submitted for further consideration. Amendments and remarks herein are presented consistent with the discussion with the Examiner.

[0002]   This brief summary is not intended to represent the Applicant's full response to the Action. Rather, it is merely a brief summary of selected substantive portions of the response herein.
